# 10 STEPS YOU CAN TAKE TODAY

**Want to take charge of your health, wellness, and success?  
Here are 10 steps that can move you closer to your goals – today.**

- Get a DNA test. Research the benefits to understand why it's essential to know my genetic makeup. The more I know, the better I can prevent health issues.
- Work on holistic improvement. My environment, nutrition, and lifestyle choices affect my likelihood to develop diseases and other health issues. Develop better habits using this information.
- Find the appropriate diet and nutrition. Avoid jumping on trends. Instead, do my research and look for what kind of health plan is best for my body.
- Observe my mood and behavior. Understanding how I'm mentally and emotionally wired allows me to adapt and adjust to different situations.
- Follow a fitness routine. Find what kind of workout is ideal for me and stick to it. Keeping myself active and fit lets me develop a healthier lifestyle.
- Follow a healthy sleeping pattern. Sleep significantly affects my life. Research how to have better sleeping habits for a better quality of life.
- Get a certified coach. Having myself checked by a professional lets me know the right vitamins and access appropriate training.
- Get sufficient Vitamin D. The majority of my genes require Vitamin D to function. Therefore, take supplements and go out to have adequate exposure to this nutrient.
- Get [optimized](#). Participate in The DNA Company's human optimization program to get a 360 genome scan, customer reposts, and coaching concierge.
